

# FlowCV Resume Creation

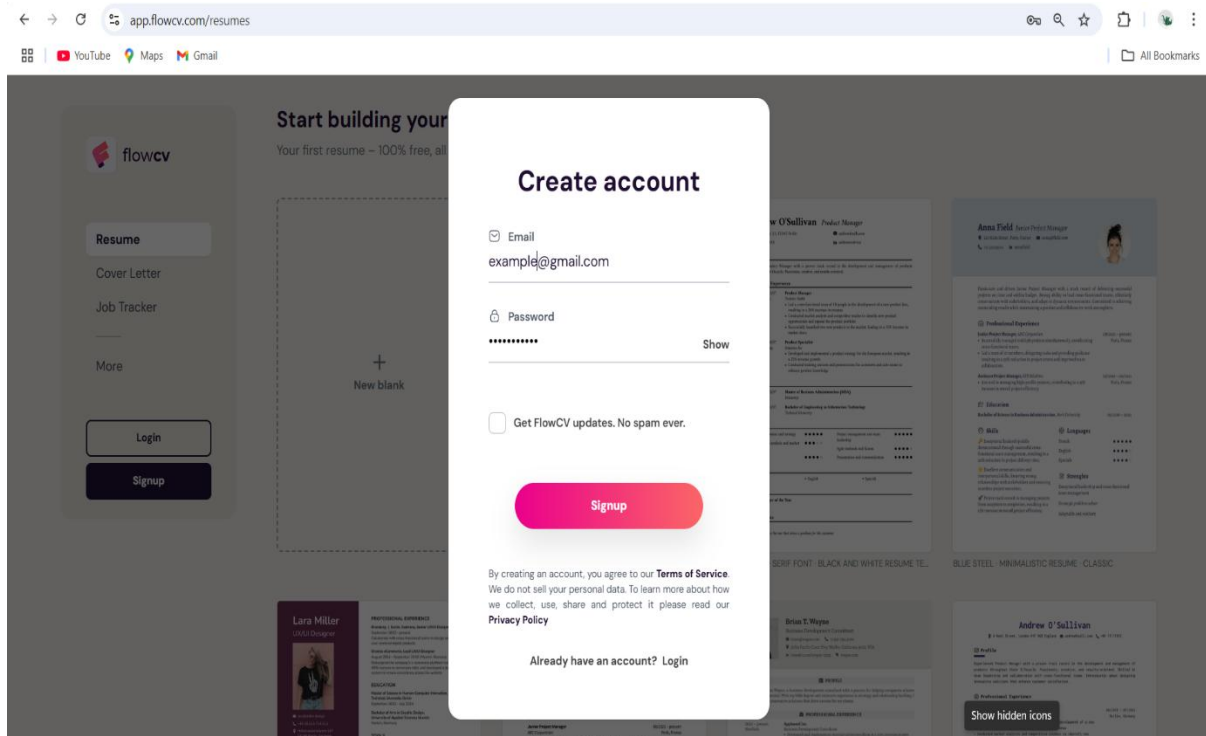

## Process of Creating a Customized Resume in FlowCV

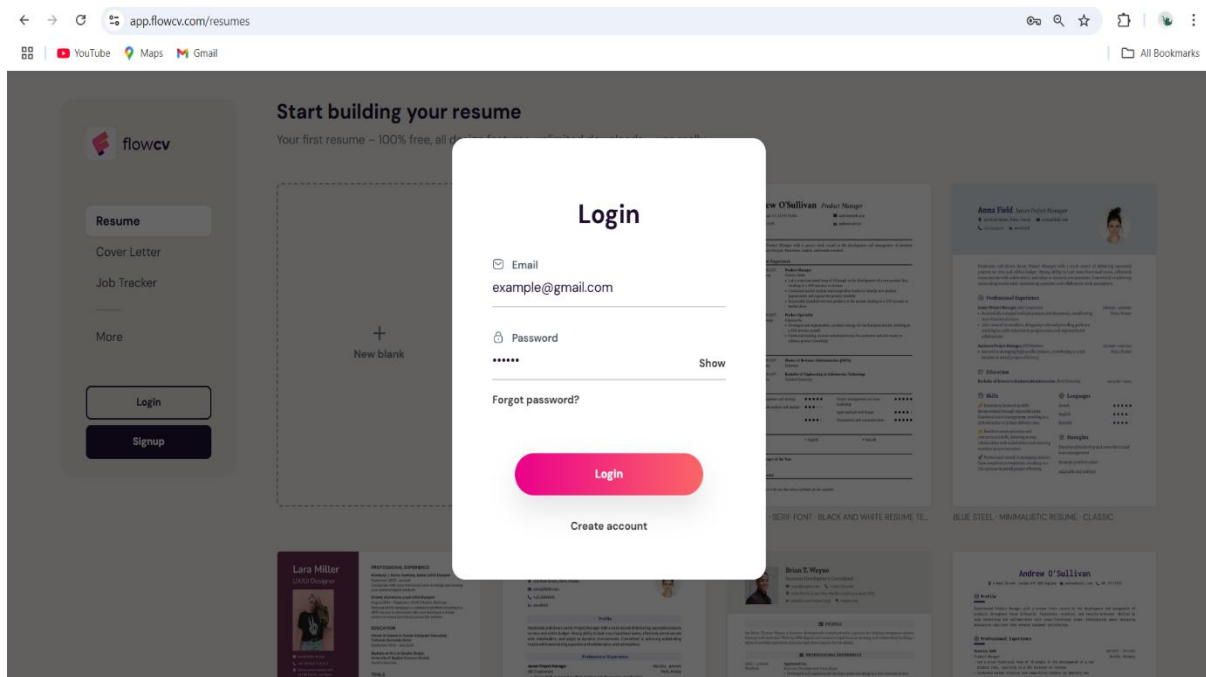

FlowCV is a free and user-friendly platform that allows you to create professional resumes quickly. Follow these steps to create a customized resume using FlowCV:

## Step 1: Sign Up & Log In

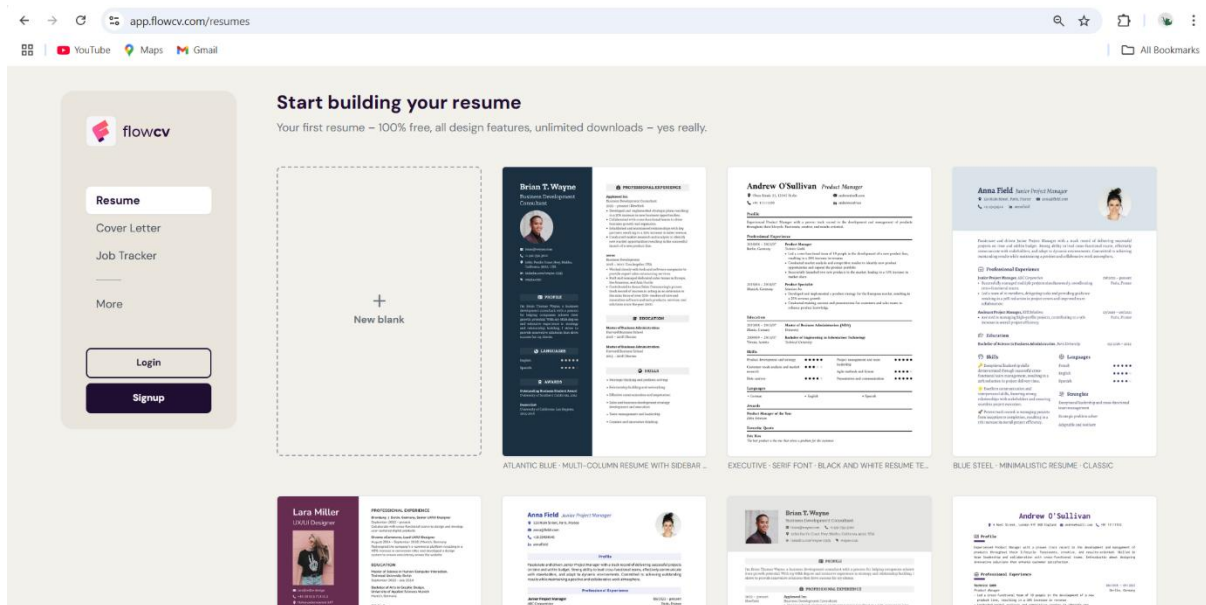

1. Visit [FlowCV](#).
2. Sign up using your email or log in if you already have an account.

## Step 2: Start a New Resume

1. Click on "Create a new resume" after logging in.
2. Choose between templates or a customized resume (select "customized" to personalize it fully).

## Step 3: Add Personal Information

1. Go to the "Personal Information" section.
2. Fill in details such as:
  - Name
  - Job title
  - Contact information (Email, Phone, LinkedIn, GitHub, Portfolio)
  - Profile summary (A short introduction about yourself)

## Step 4: Add Resume Sections

1. Click on "Add Section" to include the following:
  - Work Experience: Add job roles, company names, duration, and key responsibilities.
  - Education: Mention degrees, institutions, years of study, and CGPA (if applicable).
  - Skills: List relevant technical and soft skills.
  - Projects: Describe projects you have worked on, including technologies used.
  - Certifications: Add professional certifications.

- Languages: List any languages you speak.
2. You can reorder or rename sections to customize the layout.

### Step 5: Customize the Design

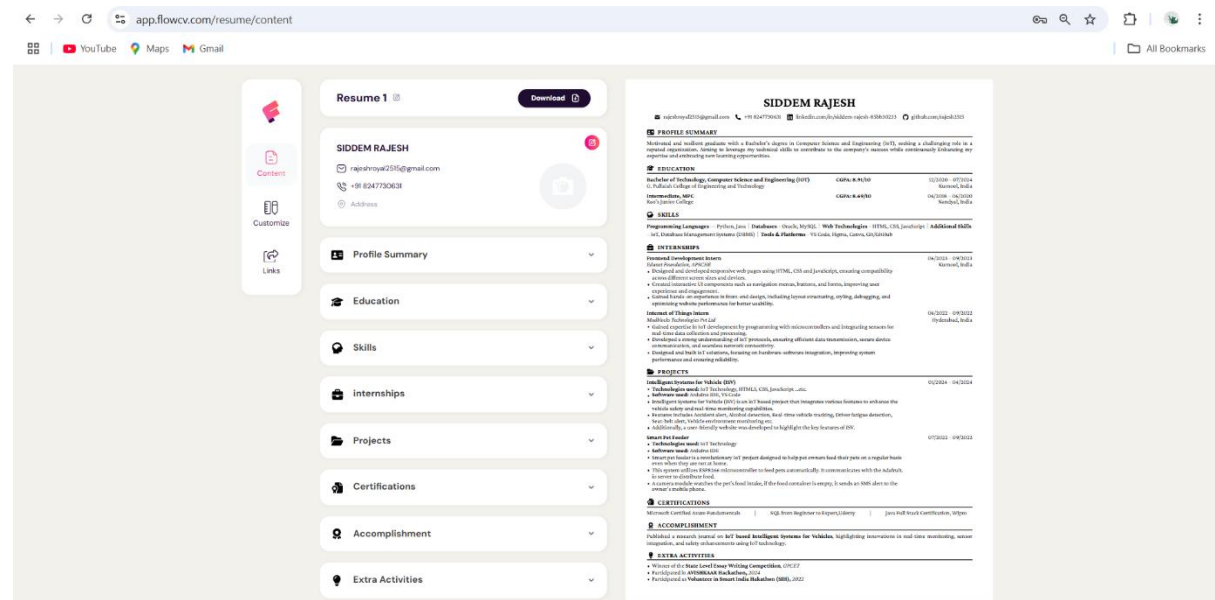

1. Open the "Design" tab to change the resume's appearance.
2. Customize:
  - Font styles & sizes
  - Colours
  - Margins & spacing
  - Section layouts
3. Choose a layout that best highlights your skills and experience.

### Step 6: Add Icons & Visuals (Optional)

1. FlowCV allows you to add small icons for contact details and skills.
2. You can also upload a profile picture (if needed).

### Step 7: Preview & Download

1. Click on "Preview" to see how the final resume looks.
2. Make necessary edits for alignment and readability.
3. Once satisfied, click "Download" to save your resume as a PDF.

### Step 8: Use Resume for Job Applications

1. Upload it to job portals (LinkedIn, Naukri, indeed, etc.).
2. Attach it to email applications.
3. Print a copy for interviews.

### Conclusion

FlowCV makes it easy to create a professional and customized resume with flexible design options. It helps in showcasing your skills effectively while maintaining a clean and modern look.
